PRINCIPALS MESSAGE

Dear Parents and Caregivers

Kia Ora

The Year 1 children had some great fun learning about “CHANGE” in the scientific world yesterday. The children rotated through the classes and participated in experiments to see what happens when substances are mixed. Groups were very impressed with the reaction when mentos is mixed with coca cola.

SOCIAL AND EMOTIONAL LEARNING

Last week I attended a seminar by Tom Hoerr, author of “The Formative Five”. At the seminar Tom spoke about what he considered to be the “success skills”. These are identified in the table:

Empathy: learning to see the world through others’ perspectives. (Caring, generosity)
Self-control: cultivating the abilities to focus and delay self-gratification (responsibility, restraint).
Integrity: recognising right from wrong and practicing ethical behaviour (courage, honesty)
Embracing diversity: recognising and appreciating human differences. (inclusiveness, respect)
Grit: persevering in the face of challenge. (effort, focus)

During the seminar I reflected on how these skills match with our School Values of taking responsibility, respect, personal excellence and inquiring minds. Tom discussed how these skill can be necessary to support children to be prepared for challenges and changes in life. Having four children of my own and a life in school’s with young people I can understand what Tom is referring to. Life has an ability to put roadblocks in our way and having the skills to manage these roadblocks is incredibly important.

To help our students develop and strengthen these skills teachers are working through our Values and identifying draft Year Level indicators for each Value. We will then teach and encourage these indicators at the various levels. Some examples of the draft Year 1 indicators are:

Respect	Take Responsibility	Inquiring Mind	Personal Excellence
<ul style="list-style-type: none"> Using our manners Caring for equipment 	<ul style="list-style-type: none"> Completing tasks on time Carrying my own bag 	<ul style="list-style-type: none"> Ask a question Use equipment 	<ul style="list-style-type: none"> Share your great work Stick at a hard question

We are continuing to work on refining these indicators and will be sharing them with our students and community when they are completed.

SCHOOL EVENTS

KEEPING OURSELVES SAFE

In the last weeks of this term all classes will be focusing on the KEEPING OURSELVES SAFE topic. The children will learn:

- to work out when their safety is at risk, for example walking home alone in the dark
- how to keep safe when they meet and mix with other people
- who and how to ask for help if they, or someone they know, is being abused
- to go on asking for help until someone does something to stop the abuse
- that it is important to make and follow personal, family and school safety rules

They will know:

- that abuse is never okay
- that abuse is never their fault

This topic involves the NZ Police Education Officer (PEO) taking specific lessons with some classes when required. To be successful, Keeping Ourselves Safe needs your help and support. Some homework activities will come home for you to work on with your child. It is important that you participate as much as possible, so that you can reinforce the messages children are getting and help your child use their new skills with confidence. Some of the activities are very specific (i.e. naming body parts) and I would encourage parents to check out the website:

www.police.govt.nz/advice/personal-and-community-advice/school-portal/resources/successful-relationships/keeping

We are providing an opportunity for parent information about the programme with PEO Tanya Wansink at school on Monday 16 September at 2pm (venue to be advised) – If you would like to attend this meeting please fill in the form online <https://forms.gle/G5pizuZGRoMLX2u97>.

SCHOOL NOTICES

MAORI LANGUAGE WEEK - 9 TO 15 SEPTEMBER

The theme for 2019 is “Kia Kaha Te Reo Maori” Kia Kaha is well known in New Zealand with its correct meaning “to be strong. The theme is saying “Let’s make the Maori Language strong”.

See what you know of [100 Māori words every New Zealander should know](#) – and learn the others.

Set out to learn a word a day for a year – see [365 Māori words](#)

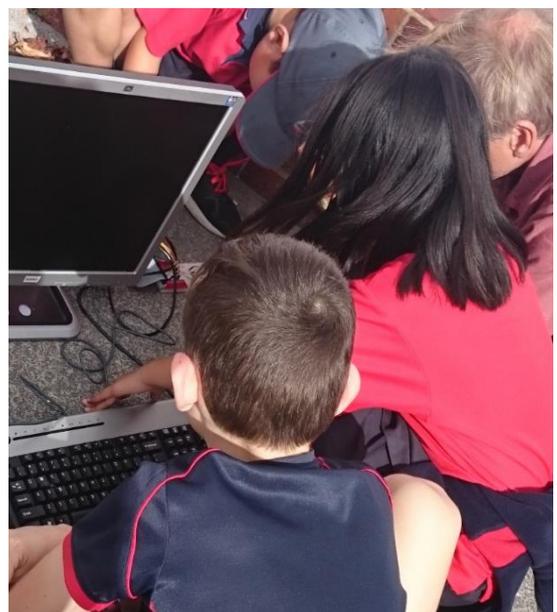

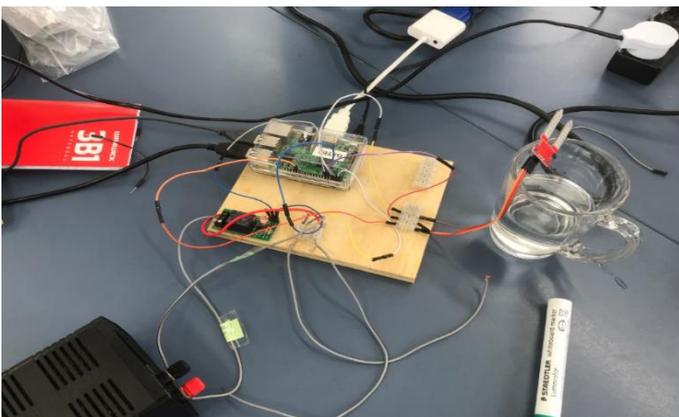

Check out your Māori vocab by checking out the [basic Māori word lists](#) – these can give you 95 per cent plus of the words you are likely to hear in spoken Māori (it’s the other 5 per cent we all need to work on!)

2020 CLASS PLANNING

The Senior Leadership Team are currently working on class numbers for 2020 (NOT placements yet) and ask parents to notify the school if they know they are going to change schools in 2020. Also, if you know of any family with pre-school children that have not enrolled for 2020 – ask them to **enrol online** by Friday 20 September so we can finalise planning for 2020.

RASPBERRY PI CODING GROUP

Our Raspberry Pi coding group have been working very hard to develop a way to water the garden automatically. They have written code to check the moisture level of the garden, to turn a pump on or off, to check the water level in the reservoir and to notify someone when the reservoir is empty. It will be solar powered and based in the ESOL garden beside the ramp near Room 7. We’re not taking orders yet, but the prototype is looking great!

HOCKEY

On Friday 23rd August our boys' and girls' advanced hockey teams competed in the super cluster against 6 other schools. They all played hard and fair, representing our school proudly. Well done to our boys team who finished 4th overall and our advanced girls' who made it to the gold medal play off and finished in 2nd place. A huge thank you to Bec Kennedy and Carl Hemmingsen for their time and effort in coaching this year.

SUMMER HOCKEY

For any Year 3 to 6 children interested in playing Summer Hockey for the school in Term 4, please go to the school website under Sport (Hockey) for more information and to register. This will be available on the website from tomorrow afternoon Friday 6th September 2019.

SPEECH COMPETITION

In the recent Korean speech competitions at Murrays Bay Intermediate. Chloe Kim (Room 22) presented a speech in Korean entitled, "Please save the disappearing animals." Steven Xu (Room 16) presented a speech in Mandarin entitled, "Is it easier to learn Mandarin or English?" and ended up winning the Primary Division! A wonderful achievement. Both students spoke extremely well with excellent expression, fluency, strong messages and fantastic overall presentation. They also conducted themselves perfectly, being excellent ambassadors for Browns Bay School. Congratulations to you both, and a huge thank you to Cecilia and Gemma for working with them. Thank you too, to the family and friends who came to support them on the nights, making it a really special occasion.

RIPPER AND TACKLE RUGBY

Last Thursday was the final day of Ripper and Tackle Rugby Tournament. Well done to all the children who competed. Every team played extremely well and displayed great sportsmanship throughout each tournament! Not only were you all amazing on the field, You were amazing off the field too.
